

# HIGH-PERFORMANCE SUPER-DUTY LUBRICANTS

FROM A COMPANY DELIVERING  
PERFORMANCE FOR 150 YEARS

150 years ago, our founders set out to make the highest quality, best performing lubricants available. In doing so, they helped pioneer the use of anti-wear additives that significantly increased lubricant performance through the years. Today, that innovative tradition continues with our newest line of high-performance, super-duty lubricants. Engineered from the ground up to provide unsurpassed endurance in the most demanding applications. They meet and exceed the performance specifications of most heavy equipment manufacturers and interchange directly with most OEM lubricants.

Available Products include...

Heavy-Duty Greases

Heavy-Duty Hydraulic Oils

Heavy-Duty Gear Oils

Greases for Open Gearing
