

Do you use AltroFix W139, AltroFix 19 Plus or Altro PU Resins?

The law is changing. From **24 August 2023** **mandatory training** is required to allow you to continue using these PU* products safely.

Labels will be changing on
AltroFix W139, AltroFix 19 Plus
and Altro PU Resin products
from 24 February 2022.

* New REACH regulations require training on the continued safe use of products containing diisocyanates, a component commonly found in all PU based products

For more information on training and the new requirements, go to www.safeusediisocyanates.eu or www.altro.co.uk/Blog-and-case-studies/News/January-2022/Diisocyanates-training-for-professional-use
