Catalogue

2021

Dear friends,

Welcome to the latest **Catalogue** of **Indian Book Depot**.

We've been publishing Pictorial Educational Charts and Children Books for more than **"75 Years"** now. We have come up with our exclusive range of children books with an all together different artwork which is mostly hand coloured, with minimized clipart and lays more emphasis on classic style of artwork, it is designed for the tender minds of children making it easier for them to learn and grasp things easily.

We are sure our books will be a source of joy for the parents too in strengthening their bond with their little ones. "Learn with Fun" is our main motive whether through different types of colouring books, painting books, cut and paste books, activity books, geographical atlases or through beautiful picture word books which are printed on high quality paper and using the best of the technology.

Hoping the toddlers grow up learning from our range of books and culminating into intellectual individuals.

We truly believe this is only the start of a long and prosperous relationship.

Cherish our books,

Harish Chawla Karan Chawla
