15 Culmination Blanket

SIZE

Adjustable

FINISHED MEASUREMENTS

The pictured sample measured 50" / 127 cm x 60" / 152.5 cm

YARN

- As many mixed scraps as you can gather to meet size desired
 - Each of my blocks used approx. 68 g of yarn total
 - My whole blanket used 2050 g of yarn total in varying weights and yardage for the blocks
- 200 yds / 183 m of worsted weight yarn for joining blocks

Alternatively, you could use any weight for this blanket as long as you are consistently using the same total weight for each block and the same needle size. Blocks may result in a different size, but as long as blocks are consistent, you can make this pattern your own.
