'I loved how your team was so collaborative, and happy to add details, or make changes as we went along the journey. These personal details made the dress feel more like art than attire.'

'Working with Clio on my wedding dress was one of the highlights of the whole process. She made a dress that really crystallised the entire vision for our wedding and included so many special motifs that felt unique to our relationship. Our guests simply could not stop raving about all the little details in the embroidery—they'd never seen anything like it! It felt like wearing a piece of art yet so comfortable, even for dancing. The dress is truly an heirloom I will cherish forever.'
