

VP-2421 incl

POWER AMPLIFIER

The VP-2421 Power Amplifier features a 420 W-by-1 channels configuration, and uses the VP-200VX Power Amplifier Module per channel.

Article number: VP-2421 INCL
Alternative products: VP-2421

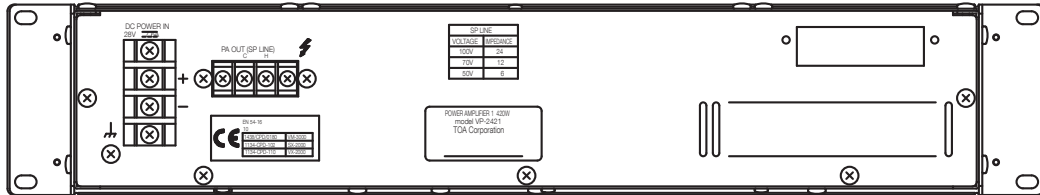

Specifications

Power source	28 V DC (operating range: 20 – 40 V DC) M4 screw terminal)
Rated output	1 x 420 W
Frequency response	40 Hz - 16 kHz (± 3 dB)
Distortion	< 1 % (at 1 kHz, rated input/output)
Current consumption	7,6 A
S/N ratio	80 dB
Inputs	Specified by input module VP-200VX
Outputs	Power amplifier output (speaker line): M3.5 screw terminal
Number of channels	1
Indicator	Channel power indicator: 4 channels, dual colour LED; Overheat indicator: Yellow LED
Certificates	EN 54-16
Dimensions	482 x 88.4 x 340.5 mm (W x H x D)
Gross weight	12,6 KG
Finish	Steel plate, surface-treated, 30% gloss, paint, black,
Weight	9.5 kg
