

DOMETIC AMERICANA PLUS REFRIGERATORS

The Americana Refrigerator is at the head of the Dometic family of RV refrigerators. It automatically controls the cooling unit based on the surrounding ambient temperature, ensuring an efficient performance. The flexible shelf system and adjustable bins allow users to get the full benefit of the Americana’s large capacity. Conveniently located, eye-level electronic controls are easy to use and the secure locking door handles are ready for any bumps in the road! Its two-way power options (AC and LP Gas) offer users the flexibility to travel anywhere and still retain the service of a fridge freezer. The Americana double-door models are available with right- or left-swinging doors that opens a full 180° and it’s even available with an automatic ice maker! Convenient eye-level automatic or manual electronic controls.

- Automatic electronic LP ignition system turns on power quickly
- Low power mode saves energy
- Climate control system saves energy and helps prevent condensation
- Versatile racking system with four interior fresh food shelves
- Meat locker and crisper components
- 2-Way Double-Door with Adjustable Temp Control
