Antenna Mount

Shafts for Varying Roof Thickness

Wall Mount Power Injector

Interior Enclosure with Rotation Knob

Owner's Manual

Directional Over-the-air HDTV Antenna

Free HDTV Anywhere You Go

At KING, we know how important it is for you to stay connected to the world on all your adventures. That's why we've reinvented our KING Jack™ with the latest technology to bring you the best directional over-the-air antenna available. Offering better signal acquisition and a new high-tech, yet simple design, the KING Jack provides better performance than expected from such a compact over-the-air antenna. If you want to eliminate monthly fees and watch HDTV for free, the KING Jack is a simple and affordable way to enjoy free digital HDTV wherever life takes you - at home or on the road.

- Long-range signal acquisition (get more channels!)
- Amplified, ultra-high gain antenna
- Upgraded technology enhances UHF signal reception while still receiving remaining VHF broadcast channels
- Broader reception coverage quickly locates strongest signal and maximizes reception
- Compact, aerodynamic design maximizes wind resistance and is up to 70 percent smaller than traditional RV antennas
- Always ready for travel - no need to crank up or down
