

# GlowStep Series GLOWSTEP REVOLUTION

## GlowStep Revolution

New

### Three Levels of Upper Adjustment

Position 1  
Position 2  
Position 3

### Five Levels of Lower Adjustment

Position 1  
Position 2  
Position 3  
Position 4  
Position 5

3 positions of precision elevation control between the RV entry and the top step

Patented

## Features and Benefits

- Only RV step system with patented 7 inches of vertical precision elevation adjustment
- Unparalleled stability eliminating the unsafe diving board effect
- Direct bolt-on installation easily replaces your factory step system
- Earth to RV: Brings step to ground level (No more unsafe booster step)
- Landing gear quickly levels on uneven terrain
- 7.5-inch step riser height to accommodate those with limited mobility
- The multi-link hinge design easily extends to accommodate tight space constraints so it doesn't matter how close you park to structures, trees, service bays or inside of a storage facility
- Step system accessories: Handrail, pet safety barriers and shoe cleaning attachment
- Made from 100% lightweight aircraft grade aluminum and stainless steel (rust free)
- Bushing bearing bolted for maximum stability and longevity - also provides smooth operation when deploying or retracting steps to prevent binding and grinding common with factory steps
- SureGrip™ step tread eliminates jagged holes commonly found on factory steps
- Self illuminating steps glow in the dark for up to ten hours with only five minutes of light exposure - no batteries
- Legacy step system: With the ability to add or remove steps, take them with you when you trade in for your next RV
