

Tactical Assault on Waste Buildup!

COMMANDO

BLACK TANK CLEANER

False sensor readings and unpleasant odors are a common problems within RV black holding tanks. This is due to residue waste and paper buildup that has dried and adhered to the walls.

Walex has developed an advanced super concentrated enzyme formula to fight back hard against tough residual buildup. Commando Black Tank Cleaner penetrates deep into tank walls to clean and remove lingering odor, waste and paper buildup.

NEW!

This advanced formula cleans your entire tank in 12-24 hours!

Treats Your Black Holding Tank System with an All-Natural Enzyme Cleaning Treatment in as little as 12 hours.

- Restores Sensor Function
- Super-Concentrated Enzyme Formula
- Easy to Use Dissolvable Packet
- Removes Waste and Paper from the Tank Walls
- Available in 2 sizes: Retail bags & Bulk containers

CLEANS SENSORS!

PORTA-PAK®
