## AW139 Medical Interior BLS

(Basic Life Support)

STC SR02145LA

### BLS option includes

#### Qty 2 - MedDeck:

- Lightweight patient receiving deck
- Pivots easily out of the aircraft for loading
- Allows for lateral movement in aircraft

#### Qty 2- AeroSled Stretcher:

- Machined aluminum stretcher that attaches to MedDeck
- Mattress
- Adjustable backrest
- Removable four-point patient restraints
- Footbag
- Integrated accessory arch mount

### MEDDECK

Lightweight patient receiving deck pivots easily out of the aircraft door for loading. Allows for lateral movement.

### AEROSLED STRETCHER

Machined aluminum stretcher that attaches to MedDeck, includes mattress, adjustable backrest and removable four-point patient restraints with foot bag and integrated accessory arch mount.

### FIRE EXTINGUISHER MOUNT

Lightweight mount used for relocation of the cabin fire extinguisher.

### BLACKOUT CURTAIN

Provides separation between the pilots compartment and medical team for NVG operations.

### INCUBATOR CONVERSION

Compact with low-profile containment for oxygen and compressed air tanks (tanks sold separately) as well as customer-supplied suction units and IV-pumps.

### CARGO RACK

Mounts directly to the factory installed seat track and provides multiple accessory mounting locations.
