The Pinot Noir was direct pressed and fermented separately. The Pinot Gris, Riesling, Gewürztraminer, and Niagara were fermented separately with 14 days of skin maceration.

The 40 square miles of the Van Duzer Corridor AVA are characterized by the cooling marine breezes that are funneled from the Pacific through its namesake. It's here we find LIVE Certified Beckenridge Vineyard, 15 acres of 40+ year old vines, which were farmed by Becky and Ken Lacroux for nearly 20 years, and are now managed by their son, Nathan. Windy, diverse Columbia Gorge AVA straddles the Columbia River and is shared by both Washington and Oregon. 54 year old Lacewing Vineyard sits overlooking the Columbia River and is home to sustainably farmed Pinot Noir and Gewürztraminer.
