Ideal Space needed to hang your Cacoon:

- Songo Cacoon: 2.8m/110inch headroom | 2m/79inch floor space

Load Capacity Limit:

- Songo Cacoon: 200kg/440lbs

Warnings:

Check the Cacoon and its hanging system are in good condition.
Ensure you use a suitable knot to tie off your hanging rope to a strong hanging point.
Always tether when using the Cacoon.
Never exceed the load limit or hang the Cacoon higher than just above ground level (when fully laden)
Never hang the Cacoon where it can swing into a vertical surface as this will cause the fabric to wear; this is not covered under warranty. Never twist or spin in your Cacoon.

How to Use:

Set the height of the ring off the ground to the height of a standard seat.
Sit down in the Cacoon as you would a normal chair. Shift body weight to sit comfortably.
The tilt in the Cacoon fabric is by design as it keeps one's head above their core. If one wants to be level, sit further back in the Cacoon.
To get out, put both feet firmly on the ground outside the Cacoon and stand up as if standing from a chair.
Never use ring-edge as a step, never step in or out of a Cacoon one foot at a time.
Never stand in a Cacoon.

Care Instructions:

Always tether your Cacoon when not in use, especially in high winds.
Wash your Cacoon fabric at a maximum 30°C/86°F with natural detergent. Do not bleach.
Put the ring back into your Cacoon and hang dry – do not dry without the ring in place.
Do not tumble dry. Do not iron.
Or wipe down with warm, soapy water and wash off with clean water.

Please be advised: Mold is not a warranty issue but a climate issue.

To prevent airborne mildew, mold, and bacteria use an anti-mold and bacteria treatment which allows mold to be washed off and is safe and non-toxic. If mold has been allowed to take hold, it is possible to clean the unwashed fabric but staining may occur.

We recommend you wash the Cacoon and, when possible, take it down when not in use.
If water pools inside the Cacoon, you must tilt the Cacoon to let the water out (some will drain through the hole in the bottom of the Cacoon).

Fading/UV bleaching is not covered under warranty.

1. The following terms and conditions of sale ("Terms and Conditions") shall govern the sale by Vivere Ltd., ("Vivere") of products (the "Product" or "Products") enclosed with these Terms and Conditions and in accordance with the term hereof, to you (the "Buyer"), which may be made available for sale in certain regions by a regional or national distributor under license with Vivere (the "Distributor" or the "Distributors"). Instructions and warnings related to the Products are attached.

4. The Limited Warranty shall be void if the Buyer fails to comply with all of the terms set forth in these Terms of Conditions, as well as where a Buyer or User: (1) knows or ought to have known that a Product was defective prior to the use of the Product; (2) uses the Product in a reckless or negligent manner; (3) improperly uses, assembles, disassembles, modifies the Product, or (4) fails to use the Product as directed. BUYER'S SOLE REMEDY FOR ANY DEFECTIVE PRODUCT WILL BE AS STATED ABOVE.

7. All Products made available by Distributors are sold without any additional warranty from Vivere, but may be accompanied by a Distributor's warranty, as may be provided in any documentation that accompanies the Product. Where a Product is made available by a Distributor, any warranty and technical support provided on a Product is provided by such Distributor, not by Vivere. Any warranties or technical support on Product made available by a Distributor shall be the sole responsibility and obligation of such Distributor and the Buyer shall have no recourse to enforce such warranty as against Vivere.
