H40J380 Vanity unit for small washbasin 400 mm, 1 door

A glimpse of traditional small washbasin, this one from Lyra Plus series remains synonymous to harmonic shapes and classic lines. The 400 mm wide Lyra Plus washbasin is deep enough and is a practical and elegant solution for small bathrooms or separate toilets. We recommend installing it with the siphon Mio 5/4"-32 mm (H374710), the Rio siphon (H894249) or the practical Lyra Plus single-door vanity unit, which offer a storage place inside the furniture. The washbasin is nicely complemented by the faucets of the series of the same name. We provide an extended warranty of 10 years for JIKA ceramic products.
