SCREEN SYSTEM

division

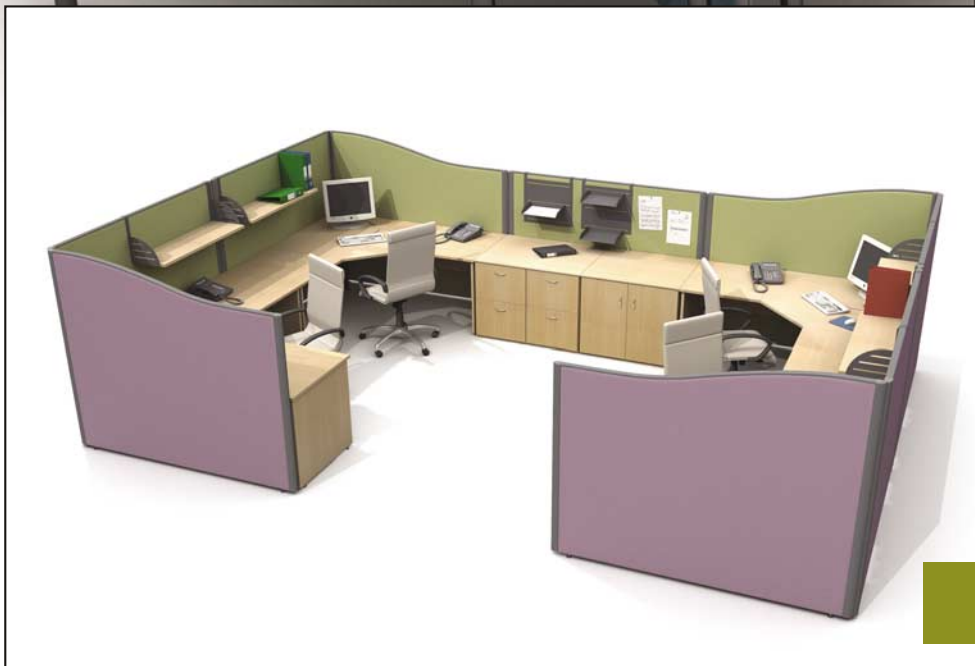

SCREEN SYSTEM

Division is a cutting edge approach to dividing office space into functional and stylish areas.

Division screens have been formulated using a blend of European designs and Australian innovations to create an aesthetically pleasing, simplistic and original screen system.

flexible

innovative

stylish

functional

Division Screens can be desk mounted or floor standing with options of glazing, wavetops, accessories and a certified ducting system.

Connecting Division Screens is simple with almost any configuration achievable by means of feet, brackets and the flexible joining strip.
