

Tox Wipe™ Oral 7

7 DRUG SALIVA TEST

AU/NZS 4760:2019 Certified Compliant

The ToxWipe™ Oral 7 test kit has been certified to AU/NZS 4760:2019 saliva testing standards, introduced in March 2019.

The kit integrates sample collection and testing into one, easy-to-use device, with results in 3-5 minutes. ToxWipe™ Oral 7 is ideal for workplace testing.

Collect saliva and read results from the same device. Intuitive to use and no need any activation required by tester. The ToxWipe™ Oral 7 gives reliable results.

Sample Sufficiency Indicator

Take the guesswork out of collecting enough saliva and having to repeat saliva collection steps. The blue sample sufficiency indicator will let the user know when there is enough saliva to render accurate results.

Drugs tested

Amphetamine	Methamphetamine
Cocaine	THC Marijuana
Opiates	Benzodiazepines
Oxycodone	

Benefits

- Simple, easy to use, accurate saliva drug test kit
