### HENNESSY HAMMOCK ANNOUNCES AUSTRALIAN WEBSTORE

*Free Shipping from Brisbane, Prices in Australian Dollars*

GALIANO ISLAND, BC, CANADA. SEPTEMBER 28, 2020 – Just in time for Spring, the Hennessy Team is very excited to announce the arrival of a new Hennessy Hammock webstore with pricing in Australian dollars. We will now be offering free shipping from our warehouse in Brisbane to our valued Australian customers, who will be receiving their orders in record time. We're also offering free shipping to New Zealand from Brisbane.

Australians were among the first to see the potential of the Hennessy Hammock for use in their different challenging environments, from crocodile infested swamps to magnificent eucalyptus forests. Australians are well known world wide as travelers as well as hunters and adventurers with a love of outdoor sports of every description. Hennessy Hammocks are a perfect addition to their kit.

FBA Prep Services Australia, Brisbane, will be providing shipping and fulfillment services for a range of Hennessy Hammocks and accessories.

*About Hennessy Hammock - Tom Hennessy is an industrial designer living on an island off the west coast of Canada. He tested over 50 prototypes on his travels before he shipped his first camping hammock design in 1999. Hennessy Hammock is a small family run business operated by Tom, his wife Ann, son James, and longtime friends. Hennessy Hammock has*

*been credited with creating an entirely new segment in the outdoor gear market when it introduced the “Original” Hennessy Hammock. Since then more than 20 models have been added for every size and purpose from scouting, hunting, backpacking, hiking, kayaking to explorations of the jungles of the Nile, Amazon and Congo rivers.*
