## JBL / VMA 160

5 Inputs, 1x60 Watt, Bluetooth, USB, 2RU

---

The JBL VMA Series is a cost-effective line of Mixer/Amplifiers with low impedance functionality (4 $\Omega$ , 8 $\Omega$ ) and high impedance 70V and 100V output. They are designed with convenient and flexible features to be used by commercial integrators worldwide, ideal for emerging markets.

- Establishes a rapid connection with USB-compatible devices
- Hear your music in crisp detail with 20 kHz maximum frequency
- Helps maintain the signal's strength
- Paging Chime, and Priority muting
- Works with JBL CSR-V wall controllers
- Balanced mic/line inputs; RCA (.775V) inputs
- Rack mounting hardware included

# JBL / VMA 160

5 Inputs, 1x60 Watt, Bluetooth, USB, 2RU

## GENERAL INFORMATION

|                                     |   |
|-------------------------------------|---|
| <b>Manufacturer Part Number</b>     | VMA 160   |
| <b>Manufacturer Website Address</b> | <a href="http://www.harman.com">http://www.harman.com</a> |
| <b>Brand Name</b>                   | JBL   |
| <b>Product Line</b>                 | Commercial  |
| <b>Product Series</b>               | VMA   |
| <b>Product Model</b>                | VMA160  |
| <b>Product Name</b>                 | Commercial VMA160 Amplifier                               |
| <b>Product Type</b>                 | Amplifier   |

## TECHNICAL INFORMATION

|  |        |
|--|--------|
| <b>Minimum Frequency Response</b>      | 20 Hz  |
| <b>Maximum Frequency Response</b>      | 20 kHz |
| <b>Total Harmonic Distortion (THD)</b> | 0.5%   |

## AUDIO

|                         |      |
|-------------------------|------|
| <b>Audio Channels</b>   | 1    |
| <b>RMS Output Power</b> | 60 W |

## NETWORK & COMMUNICATION

|                 |     |
|-----------------|-----|
| <b>Ethernet</b> | Yes |
|-----------------|-----|

## INTERFACES/PORTS

|                                      |     |
|--------------------------------------|-----|
| <b>USB</b>                           | Yes |
| <b>Number of Analog Audio Inputs</b> | 4   |

## POWER DESCRIPTION

|                                    |       |
|------------------------------------|-------|
| <b>Operating Power Consumption</b> | 225 W |
|------------------------------------|-------|

## MISCELLANEOUS

|                         |  |
|-------------------------|--|
| <b>Package Contents</b> | Commercial VMA160 Amplifier Rack mounting hardware |
|-------------------------|--|

## ITEM DETAILS

|                        |           |
|------------------------|-----------|
| <b>Category</b>        | Pro Audio |
| <b>UPS Shippable</b>   | Y         |
| <b>Shipping Weight</b> | 12        |
