\*Always measure item first and compare to sizes given to ensure item will fit into desired pouch size. Examples are given based on general sizes of items.

\*\*Additional Supplies: ruler, rotary cutter, pencil or marking tool, pins, scissors, safety pins or basting spray (such as Odif 505), and binding clips.

\*I recommend:

- By Annie's Soft and stable for "foam stabilizer" it's a more structured pouch
- By Annie zipper as these are more durable as well as easier to separate. You do not want to use a metal zipper.

Both can be found at the shop!

## Sewing supplies

- Sewing machine with full bobbin and coordinating thread (consider thread color for quilting)
- The following sewing machine feet:
  - 1/4" foot
  - walking foot or dual feed function
  - zipper foot
  - Optional: foot you can do a zigzag stitch with
- Seam ripper (mistakes happen, that's ok!)

- Pins or wonder clips
- Rotary cutter and acrylic ruler (store provides cutting mats)
