Our Service

OUR CORPORATE FLOWER SERVICE provides workspaces, hotels and hospitality venues with weekly flower arrangements.

OUR STYLE is modern and lush and we take pride in sourcing the freshest and most interesting flowers for our clients. No two weeks are ever the same!

OUR SERVICE works closely with our clients to tailor arrangements to suit their space and style. Seasonal or themed requests are happily catered for.

Why flowers?

More than ever, workplaces need to be a place of welcome, homeliness and warmth. Flowers are the perfect way to add life to your office and create a space that is welcoming to employees and clients.

Bringing a touch of nature inside has shown to have restorative and calming effects. Most importantly, all our years in business has shown us that flowers make people really, really happy!

Create a space that they'll want to keep coming back to week after week.

We are proud to work with a diverse range of businesses.

About us

Twig & Vine is a small business proudly owned by us, Linda & Elaine. Between us we have over thirty-five years of floral design experience and a shared passion and love for the floral medium.

Our studio-based operation ensures we are able to focus on servicing our corporate client's needs without the distractions and demands of a retail operation. We deliver a service that is fresh, creative, and of premium quality.

We are passionate about supporting other Australian small businesses and support local growers as much as we can.

We are proud to give back to our local community, donating fundraising products and services to schools and organisations in our area. We use large sales events to support causes aligned with our business identity such as Landcare and Mummy's Wish.
