# VIP

## HOW TO USE

Important to do Allergy Test Before Use. As Shown in the video

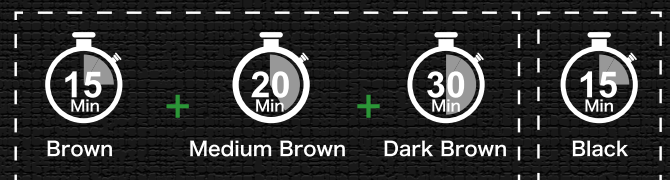

- Important to do Allergy Test before Use. As shown in the video
- Gloves can be used or without them, must **wash your hands** within one minute of use if no Gloves are used.
- There is a lock **valve** in the nozzle of the package. Pull it out when it's used and close it after use.
- **Wash your hands** well before using and make sure that **hair is fully dry** without oil or dust.
- There are two different types of liquid inside (**green and brown**) the same bottle with two different colors.
- Take the required amount from the package by **pressing** the nozzle on the **wet hands** and mix them well with wet hands until you get a white **foam**. If the two colors do not appear, **shake** the package and press again.
- **Apply** the mixture to your hair and **rub** and massage thoroughly.
- It is preferable to wipe with **tissue** on the **face skin** if it comes into contact with shampoo in case, but it is **safe** on the head chest, and hands.
- **Wash** your hands with water & soap within **one minute** of contact with shampoo to avoid any traces on the nails.
- Wait for **15 minutes** and then rinse your hair with water.
