APPLICATION

Dilute the Ciranova® Intensive Cleaner in 1/20 lukewarm water. Clean the wood with a mop, microfiber cloth or soft scrubbing brush in the direction of the wood grain. You can also use a buffing machine with a green pad. If the wood is very dirty, the solution can be used in a higher concentration. Afterwards, the wood should be properly rinsed with clean water.

CAUTION

2 to 4 hours, depending on the amount applied, the surrounding temperature, the humidity in the air and ventilation.

FINISHING

After using the intensive cleaner, the wood must always be treated again with Ciranova® Maintenance Oil.

MAINTENANCE

It is recommended to follow the Ciranova® maintenance program to keep the floor in optimal condition.
