

HELPING **ALL** WE CAN...**ONE** AT A TIME.

## DIRECTOR'S NOTE

Deanna Wallace  
AAO Executive Director

I hope you are all enjoying your summers! I'll save you some reading time, this month, by just saying that things are very much the same at the Children's Center. **As always, we have a big need for funds. And, as always, we deeply appreciate every little bit that you can give.** I don't know how we even make it through each month, but, somehow, we are still here. Something greater is at work that is beyond my scope of reason! And I promise that we will stay open, helping the kids, for as long as we possibly can. We are constantly at work, behind the scenes, trying to drum up funding or find a way to be more self-sustaining. If you have a mind or talent for either of those areas, we are open to hearing any and all ideas!

But, for now, I'll just share some of the latest pictures that have come in from the Center. **The kids' smiles are always an incredible boost for me, and seeing them renews my dedication every month.** Enjoy, and please give as you are able. Thank you!

Thanks to our first  
time donors in June  
2017:

Sasha Bulgakova

And thank you to  
our regular  
supporters, who  
make our work  
possible!
