

DRINK LOCAL, SUPPORT LOCAL

WELCOME

Our theme this month is “Town & Country”, and we are featuring two breweries with three beers each. Our “Town” beers are from Town Square, and our “Country” beers were selected from Apex Brewing.

Town Square (2919 Ellwood Dr SW Edmonton) has been a huge part of the craft beer scene here at Sandy Lane. They are one of only three breweries to have a full cooler door dedicated to their beers alone (the others being Sea Change and SYC). Town Square isn’t afraid to color outside the lines, with fresh takes like White Wedding (with actual wedding cake tossed into the brew) and Beets by Sinden (a sour made with beets) while still delivering tried & tested recipes for outstanding “mainstream” brews.

Apex Brewing exists “somewhere west of Edmonton” nestled in the trees north of the Yellowhead. Their recent can design changes have really helped stepped the brand up visually, and helps consumers realize that they’ve allowed their surroundings to infuse and direct their recipes and beer style choices.

We’ve never had a brewery-focused 6er before, please let us know your thoughts. Would you enjoy more of these, or do you prefer our traditional themed 6ers (Fruit Pack, Hoppy Pack etc). Let us know at info@sandylandliquor.com or through our socials, [@sandylandliquor](https://www.instagram.com/sandylandliquor). Until next month, cheers to great beers, enjoy!

THIS MONTH'S SELECTION

RUSHING WATERS

APEX BREWING, YELLOWHEAD COUNTY

This is a classic Bohemian brew: chewy maltiness with crisp and clean bite. Multiple additions of Czech Saaz hops during the extended lagering time allows for the bready-maltiness to blend seamlessly with more herbal hop. Easily one of the more crushable beers in this pack.

AVALANCHE AVENGER

TOWN SQUARE, EDMONTON

Created this winter as a fundraising beer for the Canadian Ski Patrol - Edmonton Zone, Avalanche Avenger is what it advertises itself as: a juicy pale ale. This brew leans back to what pales *used* to be before the arms-race began to see how much hops you could infuse into your beers. Tropical notes highlight the beer, not dominate it, while the subtle hops hover around the edges.

\$19.50/ 4pk

DISTANT HOWL HEFEWEIZEN

APEX BREWING, YELLOWHEAD COUNTY

If you've spent any time talking beer with Tom, you'd know that Hefeweizens are some of his favorites. This is no exception! Boasting great aromatics of banana, clove and lemon zest, this pale-golden beauty is a perfect example of what makes Hefes great.

THIS MONTH'S SELECTION

SQUARE MILE IMPERIAL SOUR

TOWN SQUARE, EDMONTON

A collaboration with 9 Mile Legacy (Saskatoon, SK), this sour is nothing to shake a stick at! Coming in at a hefty 8%, the acidity of the beer actually seems to be *tempered down* by the high octane! Be prepared when you crack this can... this isn't your granny's sour, kiddo!

\$20.50/ 4pk

PALE HORSEMAN

APEX BREWING, YELLOWHEAD COUNTY

Remember those fruit cups you had in your school lunches? This beer's aroma takes me back to them. A crispy oat and wheat taste & mouthfeel yield to tropical fruits with an ever-so-slight bitterness you'd expect from a Pale Ale.

SQUARE ONE COFFEE LAGER

TOWN SQUARE, EDMONTON

Combining Square One's cold brew, which is made with Anecdote's *Legend* coffee beans, with Town Square's classic Lager just *WORKS*. You get a great coffee flavor with the smooth pull of an easy-to-drink lager. No stouts or porters needed here, this is a light breakfast drink if ever there were one!
