With over forty years' experience, Arte is well-known in the world of luxury interiors. Nowadays our sophisticated wallcovering is used all over the world, which is something we are really proud of. Every year we create an exquisite range of new collections which are designed in-house by a team of experienced designers. The emphasis is always on quality and innovation.

LE COUTURIER

Fashion and interior design have always strongly influenced each other. This collection looks to the world of haute couture for inspiration – a world committed to craftsmanship, where each garment attests to the couturier's savoir-faire and exceptional artisanship. These special techniques and high-quality materials have now been combined in a collection of high-fashion wallcoverings.

BOUTIQUE

The wallcoverings in this collection revisit the glamour of mid-century Japan. After World War II, Japan experienced tremendous growth, sparking a transformation marked by vibrant optimism and progressive thinking. In interior design, this hopeful mood manifested itself in new, mostly shiny materials and exuberant patterns, of which there are an abundance in the Boutique wallcoverings.

LANAI

Imagine a leisurely, long, balmy summer evening on a Hawaiian veranda, whiling away the time in a comfy wicker rocking chair. Why rush? You're on holiday, after all. Lanai was inspired by this sentiment. This enchanting wallpaper collection with an exotic twist was named after the Hawaiian word for veranda. Each design was hand-crafted and inlaid or embroidered with rattan and raffia with the utmost care, after which this superb artisanal artistry was rendered in vinyl. Lanai comes to life on the wall in fresh, natural colour combinations.

KANSO

Step into the world of Kanso, inspired by the Japanese concept of minimalism and simplicity in interior design. The collection embodies the essence of design, bringing together sleek and seemingly simple geometric patterns. The pronounced texture of the wallcoverings adds a tactile dimension to the room, while the soft velvet fabric lends it a sense of warmth and cosiness. The result is a collection that exudes luxury without excess, where all the patterns and colours are carefully designed to offer timeless elegance.

WILD SILK

The Wild Silk collection is made of real silk, highlighting the versatility of this pure fabric with three distinct types of silk. Each silk in this collection has its own story to tell, with a subtle sheen, robust weave or delicate finesse. Turn your walls into expressive canvases with the luxurious sheen that only real silk can provide. The natural look and feel of this unique, organic fabric adds timeless charm to your interiors. The Wild Silk collection strikes just the right balance between understated elegance and the raw beauty of nature.

ESSENTIALS | LES NATURELS

People have always been attracted to natural materials and woven grasses in particular, which have been used in and around the house for centuries. Over time, these fabrics have become sturdier, with more applications. And now these materials have inspired the Les Naturels collection, in which the warmth of raffia, the subtle texture of sisal and the natural looks of woven grass are finally given the attention they deserve. The materials' organic origins and authentic colours bring a sense of calm to interiors, drawing nature indoors. They also combine beautifully with the two botanical prints in this collection.

Rêverie Tropicale 26771 · Golden Hour

Le Raphia Tissé 26746 · Mandarine

Le Sisal 26708 · Mauve

ESSENTIALS | TOTEM

Tall. Taller. Tallest. Geometric shapes that have randomly been arranged, to create ever taller stacks. In many ways, these eye-catching designs resemble modern, abstract sculptures. They are reminiscent even of ethnic art from around the world, striking a pleasantly balanced note in any interior, thanks to the natural look of textile, woven grass and raffia.

Esparto Ibérico 18910 · Ginger

BABYLON

Babylon truly appeals to the imagination... The world's first big city, Babylon formed part of Mesopotamia, the cradle of civilisation. This is the birthplace of arable and livestock farming, astronomy, mathematics and writing, to name just a few. Cuneiform script was created by people carving and drawing in clay tablets and rock walls. And it is this technique of sculpting in clay that serves as inspiration for the Babylon collection.
