SERAX

The distinctive sleek, round shapes, and the perfect finish of the nine different glasses from the Base Glassware collection follow the trend of Studio Piet Boon's Base line for Serax. On an upright foot in the centre of a perfectly round circle, the four wine glasses, two champagne glasses, and the beer glass not only steal the show, the potassium glass also makes them

particularly strong. The two water glasses have been given a sandblasted effect, as a result of which fingerprints are less likely to remain on the glass. The glasses from the Base Glassware collection are packed as a set of four in beautiful gift boxes.

SERAX

MATERIALS

Potassium glass

Composition: Silicon dioxide (73%), Sodium oxide (9%), Potassium oxide (5,5%), Zinc oxide (6,9%), Barium oxide (3,9%), Boron oxide (1,7%)

Firing temperature: Furnace temperature 580°C

Production: Mouth blown

Thermal shock resistance: 450°C

OPERATIONAL USAGE

Food safe

Table ware

Microwave proof: Yes

Dishwasher proof: Yes

Oven proof: No

Salamander proof: No

SPECIAL CARE INSTRUCTIONS

We advise to use soft detergents for commercial dishwashers.

PACKAGING

Gift box

Volume & dimensions of the complete range available upon request.
