BELLHOP DESIGN EDWARD BARBER & JAY OSGERBY

"The Bellhop family began when we designed a table lamp for the new London Design Museum. [...] We worked with Flos and adapted the simple archetype into a series of lamps including outdoor wall and bollard."

Edward Barber & Jay Osgerby

Collection of outdoor bollard and wall lights for a diffuse lighting beam. Made of extruded and die-cast aluminium or stainless steel, Bellhop is available in two heights for the bollard model and with different lumens and luminaire outputs as to comply with any outdoor setting and lighting scenario need. Also available 3m high pole mounted version. A double layer coating guarantees high resistance to corrosion. Stainless steel available for all mounted and bollard versions.
