

CLARA BLACK

Item No. 2761.252

Inspiration for this mirror was taken from the nice round classical ceiling rosettes from long ago. This well-known element was translated into a round shape. The frame of the mirror is wide, but remains light due to the slight thickness. Its form is repeated slantwise on the back side, partially

DESCRIPTION

Inspiration for this mirror was taken from the nice round classical ceiling rosettes from long ago. This well-known element was translated into a round shape. The frame of the mirror is wide, but remains light due to the slight thickness. Its form is repeated slantwise on the back side, partially visible due to the frame making a forward movement. In silver and in gold it is definitely an asset for the classical collection. In matt black and white it can also grace a more contemporary interior. PU-frame finished in gold, silver, matt black and matt white with a beveled mirror. Backing: in plywood. The suspension is the well-known metal wire hanging (type A in the catalogue). Packing: Individual packaging in solid cardboard
