

Name: Garota A 01 Indoor

Design: Alex Fernández Camps / Gonzalo Milà / 2015

Typology: Wall lamp

Environment: Indoor

Technical description:

The Garota Indoor is designed for indoor applications that do not require the technical specifications incorporated within our outdoor products. For this reason we do not need the polyethylene ellipse to ensure a seal on the light source /IP -55. The LED plate from the outdoor version has been replaced by an E-27 socket for interior use. Lamp shade is composed of hand wrapped polyethylene synthetic fiber over aluminum frame, available in different colors. The electric cable is transparent and the ceiling canopy or wall mounting is made of iron with white or brown finish.

Lamps description

 Grounding: excluded

 Ready for mounting on normally flammable surface

 1 x 46 W Classic P Eco E-27

 1 x 6 W E-27 LED

Voltage: 230V~50Hz

 1 Box 27 x 27 x 41 cm

Vol.: 0,0298 m³

Weight: 1,90 kg

Certifications:   IP-20

 Photometrics made according to the position the lights are shown in the catalogue and price list.

Ref Finishings

3350100001 Natural White

3350100003 Brown Graphite

P-803 Ivory White

P-804 Brown

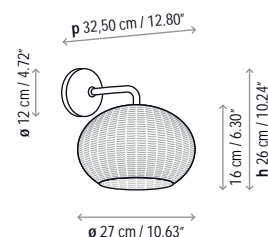

All Bover's synthetic fiber collection are recyclable and non-toxic for environmental sustainability.
