LAMA

design by Elena Pancaldi

Lama, dalla duplice personalità, può essere collocata a parete oppure posizionata free-standing a centro stanza, per essere apprezzata in tutti i suoi dettagli. Il piede sagomato, caratteristica distintiva dell'oggetto, si inserisce nel corpo dell'arredo in diagonale da terra fino al piano, enfatizzando il valore formale del prodotto.

Lama, with its dual personality, might be positioned against a wall or placed free-standing in the middle of the room, in order to appreciate every little detail. The shaped base, representing the distinctive feature of the element, is diagonally inserted in the main body of the furniture item, from the bottom to the top, emphasizing its formal value.
