It can be recycled 100% and infinite times without losing its original features.

STRUCTURE

DESCRIPTION Chair for outdoor use.

Aluminium frame treated with electrostati9c powder painting with polyesterbase that gives more protection from scratches and also the final colouring to the

BELTS

Double-twisted 100% polyester thread, in cotton finishing; they have great toughness and great resilience, high resistance to abrasion, to heat, to bending stress, high modulus of elasticity, minimal wet regain, good resistance to chemical agents and to bad weather conditions; color fastness to light of 7 in the blue scale (maximum: 8); as the time goes by, the exposition to extreme weather conditions may cause a discoloration of the threads.

CUSHIONS

Standard or hydro draining

WEIGHT

Structure: 6,5 kg Cushions: 0,4 kg

PADDED BELT

DESCRIPTIONChair for outdoor use. **STRUCTURE**

The outer mesh consists of twisting of two twisted polyester threads of different colour that create a melange effect, while the padding is made up of a hydrodynamic polyester staple. The combination of these materials makes the padded tubular suitable for outdoor use and ensures softness, comfort and rapid drying.

Aluminium frame treated with electrostati9c powder painting with polyesterbase that gives more protection from scratches and also the final colouring to the product.

It can be recycled 100% and infinite times without
