

Round / Chair
Design / Christophe Pillet

Test
EN581-1 / EN581-2

Round is a collection defined by its search for structural balance and soft lines, an interpretation of outdoor space that conveys stylistic but essential refinement. Clean and basic shapes mark the rich range of tables that make up this collection. Round favours rounded shapes for chairs in which one can be seated with great comfort.

Description

Code: **465**
Typology: **Chairs**
Collection: **Round**

Stackable: 8
Static Load: 200 Kg
Test: EN581-1 / EN581-2
Cushion Material: Acrylic fabric

Technical Info

Width: **63 cm**
Depth: **58 cm**
Height: **79 cm**
Weight: **5.70 Kg**
Static Load: **200 Kg**
Seat Cushion:

Packaging

Packages: **1**
Pieces for pack: **4**
Dimensions: **127x62x66 cm**
Volume: **0.520 mc**

Polyethylene bag and cardboard box

Materials

Steel

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosio process.

Maintenance: To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.

Cushion Material

Acrylic fabric

The 100% acrylic fabrics combined with a polyurethane internal coating. This step makes it water-repellent, highly resistant to UV rays for excellent outdoor performance.
