

Sky-Fall, design by Studio Italia Design, 2014

Suspension

In Sky-Fall, the traditional glass processing techniques embrace the most advanced LED technologies. The shape of Sky-Fall captures the imagination in its reminiscence of ancient decanters in precious blown glass. Its function amazes thanks to the innovative double LED source that diffuses direct and indirect light. Available in two sizes and in five finishes, Sky-Fall decorates both when it is on and when it is off.
