

Struttura: in legno multistrato. Preparazione della struttura sedile in poliuretano espanso ad alta resilienza composto da numerosi strati di quote differenziate.

La struttura sedile è rivestita con trapuntino di fibra termolegata traspirante accoppiata con tela di cotone bianca anallergica che conferisce morbidezza.

Il trapuntino include al suo interno una sacca imbottita di microfibra siliconata - con basso coefficiente di attrito - che si adatta completamente alla struttura; tale imbottitura, con elevate caratteristiche di morbidezza e soffici ta,   ottenuta da PET 100% riciclato certificato. Tutti i materiali impiegati nella realizzazione del trapuntino sono anallergici.

Preparazione della struttura braccioli e schienali in poliuretano espanso a quote differenziate ad alta densit  rivestiti successivamente con trapuntino di fibra di poliestere termolegata traspirante, accoppiata con tela cotone bianca anallergica. La fodera prevede una trapuntatura realizzata grazie ad un ricamo che accoppia, la fibra termolegata di forte spessore con la tela di cotone bianco, alla fodera.

Sfoderabilit : rivestimento della struttura, in tessuto o pelle, completamente sfoderabile.

Basi: lame semicurve di alluminio ad alta resistenza, spessore 8 mm, spazzolato semilucido con effetto materico o verniciato lucido anti-touch color Black Coffee. Scivolante protettivo in PE (gomma morbida antigraffio e antimacchia oilfree) color Peltro o Black Coffee, in abbinamento alla finitura delle basi.

La finitura "spazzolato semilucido con effetto materico", messa a punto da Minotti Studio e proposta in esclusiva,   ottenuta da una lavorazione manuale di estrema qualit  che risalta la spazzolatura dell'alluminio includendo possibili naturali sfumature che rendono unico ogni pezzo.

Structure: in plywood. The seat structure is made of many layers of variable-density high resilience polyurethane foam. The seat structure is encased in breathable heat-bonded quilted fibre laminated to white hypoallergenic cotton fabric for added softness. Inside the quilt is a bag padded with siliconised microfibre - with low coefficient of friction - which completely conforms to the structure; this very soft fluffy padding is obtained from certified 100% recycled PET. All of the materials employed in manufacturing the quilting are hypoallergenic.

The armrest and backrest structures are covered in high-resilience, variable-density polyurethane foam, then encased in breathable heat-bonded polyester quilted fibre laminated to hypoallergenic white cotton fabric. Embroidered quilting on the upholstery joins the thick heat-bonded fibre, encased in white cotton fabric, to the upholstery.

Covers: structure upholstery, in fabric or leather, is completely removable. **Bases:** semi-curved blades in heavy-duty aluminium, 8 mm thick, brushed semi-polished with textured effect or varnished polished anti-fingerprint, Black Coffee colour. Protective polyethylene glides (soft rubber, scratch-proof, oil-free, non-staining) Pewter or Black Coffee colour, to match the finish on the bases.

The finish "brushed semi-polished with textured effect", developed by Minotti Studio, is achieved through an exclusive high-quality hand-finishing process that emphasizes the brushed aluminium texture, including possible natural nuances that make each piece unique.

The finish "brushed semi-polished with textured effect", developed by Minotti Studio, is achieved through an exclusive high-quality hand-finishing process that emphasizes the brushed aluminium texture, including possible natural nuances that make each piece unique.

Struktur: Aus Sperrholz.

Polsterung des Gestells aus hochwiderstandsf higem PU-Schaum, der aus zahlreichen Schichten mit differenzierter Dichte besteht.

Das Gestell der Sitzfl che ist mit einer gesteppten Polsterung aus atmungsaktiver thermofixierter Faser mit Bezug aus wei er, antiallergischer Baumwolle bezogen, die f r einen angenehm weichen Sitzkomfort garantiert.

In der gesteppten Polsterung befindet sich eine Tasche mit F llung aus silikonbeschichteter Mikrofaser mit geringem Reibwiderstand, die sich vollst ndig an das Gestell anpasst. Diese Polsterung ist besonders weich und flauschig und besteht aus zertifiziertem, zu 100% recyceltem PET.

Alle, f r die gesteppte Polsterung verwendeten Materialien sind antiallergisch.

Polsterung vom Gestell der Armlehnen und R ckenlehnen aus PU-Schaum mit differenzierter, hoher Dichte und zus tzlicher gesteppter Polsterung aus atmungsaktiver thermofixierter Polyesterfaser mit Bezug aus wei er, antiallergischer Baumwolle.

Der  berzug ist mit einer Steppung mit einem Stich ausgef hrt, der die thermofixierte, sehr dicke Faser mit Bezug aus wei er Wolle mit dem  berzug verbindet.

Abziehbarkeit: Der Stoffbezug oder Lederbezug des Gestells ist komplett abziehbar.

Basis: Halbbrunde Flachprofile aus hochwiderstandsf higem Aluminium, St rke 8 mm, halbgl nzend geb rstet mit materischem Effekt oder mit gl nzender Anti-Touch-Lackierung in der Farbe Black Coffee.

Schutzgleiter aus PE (weiches,  lfreies Gummi f r Kratz- und Fleckenschutz) in der Farbe Zinn oder Black Coffee, abgestimmt auf die Oberfl che der Untergestelle.

Die Ausf hrung "halbgl nzend geb rstet mit materischem Effekt", die von Minotti Studio entwickelt wurde und exklusiv f r dieses Produkt erh ltlich ist, wird in einer sehr hochwertigen Bearbeitung in Handarbeit ausgef hrt und betont die geb rstete Oberfl che des Aluminiums. Bei der Bearbeitung k nnen sich nat rliche Farbnuancen ergeben, die jedes St ck zu einem Einzelst ck machen.

Structure : en multiplis.

Pr paration de la structure de l'assise en polyur thane expans  haute r silience compos  de plusieurs couches   densit  diff renci e.

La structure de l'assise est recouverte d'un rembourrage en fibre thermocoll e respirante, contrecoll e sur de la toile en coton blanc hypoallerg nique, qui apporte de la souplesse.

Le rembourrage contient une poche garnie de microfibre silicon e - avec un faible coefficient de frottement - qui s'adapte parfaitement   la structure ; ce garnissage particuli rement souple et moelleux est issu de PET 100 % recycl  certifi . Tous les mat riaux utilis s pour r aliser ce rembourrage sont hypoallerg niques.

Pr paration de la structure des accoudoirs et des dossiers en polyur thane expans    densit  diff renci e haute densit , recouvert ult rieurement d'un rembourrage en fibre de polyester thermocoll e respirante, contrecoll e sur de la toile en coton blanc hypoallerg nique. La housse pr sente un matelassage r alis  moyennant une broderie qui unit la fibre thermocoll e de forte  paisseur contrecoll e sur la toile en coton blanc   la housse.

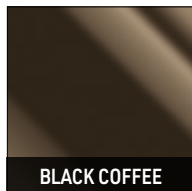

D houssage : rev tement de la structure enti rement d houssable, en tissu ou en cuir.

Base : lames semi-incurv es en aluminium haute r sistance, 8 mm d' paisseur, bross  semi-brillant avec effet de mati re ou peint brillant anti-trace couleur Black Coffee. Patins glisseurs en PE (caoutchouc souple r sistant aux rayures et antitache oilfree) couleur  tain ou Black Coffee, assorti   la finition des pi tements.

La finition "bross  semi-brillant avec effet de mati re", mise au point par Minotti Studio et propos e en exclusivit , est le r sultat d'un proc d  manuel de tr s haute qualit  qui rehausse le brossage de l'aluminium en incluant d' ventuelles nuances naturelles qui rendent chaque pi ce unique.
