

## Women's Ring Size Guide

Choose your corresponding size by comparing your finger measurements to the chart below or by following the directions in our printable guide.

### MEASURE YOUR FINGER

1. Carefully cut along the outline of the sizer. Make a small slit on the line on the left end of the sizer.
2. Wrap the sizer around the intended finger with the numbers facing out.
3. Move the sizer to the larger part of the finger and pull tightly. The sizer must fit snugly to produce an accurate size.
4. The number that lines up with the slit represents the ring size for that finger.

### MEASURE BY MATCHING YOUR CURRENT RING

1. Select a ring you already own that perfectly fits the finger on which you will wear your Simon G. ring.
2. Align your ring with the circle below that most closely matches in size. The inner edge of your ring should align with the outer edge of the circle. This number is the inside circumference of your ring.
3. If your ring appears to be between two sizes, we suggest you choose the larger size.
