

The image shows the interior of a wooden sauna. The walls and ceiling are made of light-colored wood panels. A door with a vertical window is on the left. A wooden bench is on the right, and a stone tray is on the left. The floor is covered with a dark, textured mat. The text "ECO-SAUNA" is overlaid in the bottom center.

ECO-SAUNA

GO GREEN

WITH THE SCANDIA MFG

ECO-SAUNA

Stunning design meets environmentally responsible, with the Scandia Manufacturing Eco-Sauna.

Crafted with our beautiful residual cedar wood, that would normally be disposed of, is recycled into 1 to 2 foot T/G boards achieving an eco-friendly panel system designed to minimize wood waste and allow a simple installation.

Thanks to the innovative Eco-Sauna design, we help protect and preserve the beautiful cedar forests.

LEED CREDIT

The LEED (Leadership in Energy and Environmental Design) Certification is an internationally recognized certification system for sustainable buildings created by the United States Green Building Council (USGBC). Some of the benefits provided by this evaluation are:

- Spaces with better conditions for health and productivity
- Reduction of emission of greenhouse gases
- Decrease in operating and waste costs
- Energy and resource saving

At Scandia MFG, we are proud that the Eco-Sauna has a LEED V4 credit:

Materials and Resources:

- Recycled content
- Rapidly renewable or bio-based materials

Indoor Environmental Quality

- Low-emitting adhesives and sealants
- Low-emitting composite wood

CUSTOMIZE YOUR SAUNA

Electric Heater

Considered the best electric sauna heater globally. Our electric heaters are the only sauna heaters that offer a solid pan design with 100% stainless steel construction, protecting the heater's components.

- Energy Efficient
- Clean Look Design
- Simple Installation

Gas Heater

Our gas heater is one of the best sauna heaters in the world. Built to last, they are made from 321 spec stainless steel, which is the same material used in jet engine after-burners. These Gas Heaters also feature the largest rock tray in the industry.

- No Electricity Needed
- Produces More Heat
- Heats Up Faster

CUSTOMIZE YOUR SAUNA

Flooring Tru-Tile

Perfect for your sauna or steam room floors, these tiles are made of PVC and interlock. Place them in your high traffic areas in a sauna or steam room.

Dimensions: 12"W x 12"L x 9/16"H
