- Environmentally friendly

Hand-Crafted

This salt sconce displays attention to detail and impeccable design. Made with Tibetan sourced pink sea and Cedar Wood frame.

HIMALAYAN SALT STONES

Each himalayan salt stone is hand carved and contains 84 naturally occurring minerals and elements.

How to use the Stones

For Self Massage

As you take your sauna, hold the salt stone in your hand and begin to massage. This is also a relaxing way to take a break from everyday activities.

To remineralize skin

After a shower, with your skin still moist, use a himalayan salt stone to replenish the minerals that our bodies lack. Use water to wet the stone or try jojoba or coconut oil.

To neutralize bacteria

Carry a salt stone in your pocket or purse to neutralize bacteria as himalayan salt is anti-microbial and anti-bacterial.

As a deodorant

Lightly wet the stone and apply to desired areas thoroughly. Dry stone when finished.

HIMALAYAN SALT WALL BRICKS

Exposure to himalayan salt has proven to boost the immune system, revitalize skin, and even reverse signs of aging. Through our proprietary himalayan salt brick design, it is now possible to build your salt wall! By harnessing the mystique of this ancient mineral, you can turn any space into an experience; all with the beauty and functionality of our all-natural himalayan salt bricks. This is a natural product so dimensions are approximate and may vary.
