

TRADITIONAL OUTDOOR MODULAR SAUNA

INTRODUCTION

Throughout history, humankind has worked on objects or systems to improve their comfort and health, yet none had successfully provided both simultaneously; until the sauna was invented. A sauna is not only a means of relaxation but a remarkable health source.

Am-Finn proudly brings a sauna that combines the millenary Finnish tradition with the most advanced technology available. Rest assured that our saunas, heaters, and Smart Sauna Wi-Fi Controllers are unmatched.

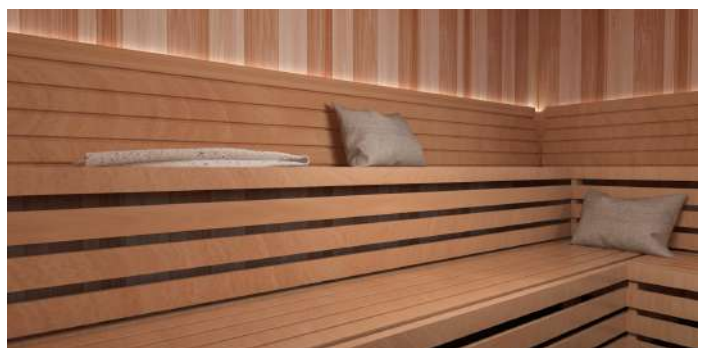

FEATURES

Scandia Manufacturing caters to your customer needs and will build your Traditional Outdoor Modular Sauna to your desired dimensions.

Heaters

Electric Heater

Considered the best Electric Heater in the world. Our electric heaters are the only sauna heaters that offer a solid pan design; with 100% stainless steel construction that protects the heater components.

- Energy efficient
- Simple and clean design
- Simple installation

Gas Heater

Our gas heater is also highly sophisticated and built to last. These are made from 321spec stainless steel, which is the same material used in jet engine after-burners. Our gas heaters also feature the largest rock tray in the industry.

- No electricity needed
- Produces more heat
- Heats up quicker
