Stackable Summer discounts on 5PXG2 products

Save 5% on Eaton 5PX G2 UPS from July 15 through December 31, 2023

Eaton's 5PX G2 rackmount and tower UPS provides the maximum power possible at each power rating. With power ratings ranging from 1 to 3 kVA, and low and high voltage options, the 5PX G2 offers up to four optional external battery modules for extra runtime.

- ✓ Made for distributed IT
- ✓ Simplified deployments
- ✓ Secure connections through the Gigabit Network Card pre-installed at the factory
- ✓ Quick and clear visual diagnostics
- ✓ Reduced depth 19" chassis conserves space
- ✓ Firmware updates without load loss
- ✓ Great for Edge Computing deployments with any of our Brightlayer Software products
