

# Coaster

By *Loralie*

Terrific, quick project! These little coasters made with 5" blocks sew up very quickly and it's a good thing because you will want to give away lots! Wrap a set of 4 in a ribbon and you have the perfect hostess gift!

They also make a great item for holiday bazaars and craft fairs. Make a string of them and trim with colorful buttons for a small, charming, narrow wallhanging!

## Pattern pieces:

1. Cut out all pieces.
2. Lightly spray starch top and backing
3. Stack all pieces, top, interfacing, batting, backing, center all pieces.
4. Bind from back, mitering corners.

Pattern pieces are drawn to scale so you may enlarge them to your desired size!
