

Placemat

By *Loralie*

Such a fun project! Make a mug rug for the perfect hostess gift or sell them at your local holiday market. There are endless creative possibilities of design, color and layout to create the most fun little pad for the mug.

Placemat Top 18" x 13"

INSTRUCTIONS

1. Cut one interfacing and one batting 18" x 13". Bob off corners at 3" if desired.
2. Cut out block from panel. Place block on interfacing straight or angled. Begin stitching strips of coordinating fabrics as shown.
3. When sheet is covered, edgestitch on back side and trim excess strips.
4. Place on top of batting and stitch in ditch between strips to give a quilted, interesting texture.
5. Cut backing fat 1" larger all around than top and bind from the back, mitering corners.

Pattern pieces are drawn to scale so you may enlarge them to your desired size!
