Pin 5" x 5" block to felt, pink edges 4. Press and spray starch fabrics 5. Sandwich interfacing between outer and lining, front and back pin, edgestitch all around. 6. Pin 5" x 5" block on felt, pink edges 7. Center pinked block on bag outer, edgestitch all around. 8. Sew loop, turning in on itself to form strap.. 9. Fold loop over and stitch to bag front ending in middle of zipper. 10. Stitch bag sides and bottom 1/4". 11. Box corners 12. Turn inside out. 13. Poke out corners and shape to please! 	<p>Great project for one Medley square or 2. Bag outer is great with uncut strip panel.</p> <p>I use heavyweight cut-away</p> <p>Of course you can make it longer to be a handle</p> <p>Fusible felt works well for this!</p> <p>Be careful, the block wants to slip and give you a crooked result!</p> <p>You can also serge after this but the thickness broke a needle for me!</p>	<p>The design work is already done for you if you combine the Medley block and strip panel You can't go wrong! Choose a less storied lining for a coordinating liftwhen you look inside!</p> <p>Edgstitch slowly so as not to cause the layers to travel and become uneven.</p> <p>Be certain the top of the block is lined up with top of bag.</p> <p>Add inside pockets for a more elaborate, functional bag! Have fun with this little project! Do a few in a row and you will find your speed really picking up! Your friends or customers will love these little bags!</p> <div style="text-align: right;">  </div>
