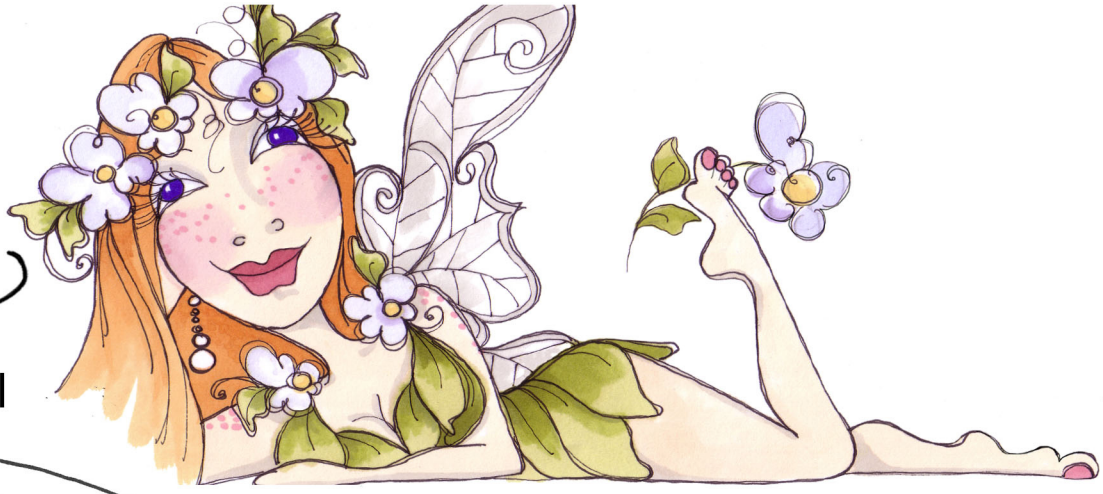
The Loralie 3D Doll



Charming openwork embroidery to color for use in cardmaking, decor, and projects of all types.

The Loralie 3D Doll INSTRUCTIONS

You will also need:

coloring method of choice
double-stick tape
cardstock for optional cone base
scissors
craft knife
vintage hankie

1. Hoop one piece of regular weight copy paper and 2 layers of tulle.
2. Stitch out design.
3. Color design. If using markers, color on back side. Touch up for brighter color on front side if desired. (You may also color your future projects using colored pencils, crayons, stamp inks or fabic paints.) Experiment in the margins.
4. Cut out design with 1/2' margin.
5. On back side of design, place double stick tape all around outside edge of design EXCEPT BOTTOM, (this will leave an opening for hankie or handle).
6. Wrong sides together, stick design to paper backing, press together firmly.
7. Cut out design with 1/4" margin (this is just to remove unruly, excess paper while cutting).
8. Fussy cut design very close to stitching (1/16" or so). Be careful not to cut stitching.
9. Cut out areas inside arms, purse straps etc, using an craft knife. Careful not to cut stitching.
10. Poke hankie up inside doll. (A chopstick works well for this). Arrange skirt fullness to please.

Optional Cone Skirt Base

1. Using this pattern, cut out 1/4 circle of cardstock. Decorate if desired with paper, lace, fabric, or your favorite embellishment. Using markers or colors add polka dots, stripes, scrolls, flowers etc.
2. Wrong sides together, line up center back edges together, tape closed.
3. Place cone point in center of hankie and poke up inside doll, arrange skirt fulleness to please.

Optional Cone Base

Have fun creating your lovely 3D doll,

Loralie
