PREMIUM MIXER TO BLEND WITH CROSSIP

CROSSIP

MIXER

mixer | /'mɪksə/

A soft drink that can be mixed with alcoholic or non-alcoholic spirits to make simple serves

At its roots, CROSSIP has been designed as a non-alcoholic spirit to be layered into complex cocktails such as our Dandy Sour or Pure Pineapple Spritz.

But we still love the humble simple serve with a mixer! It's a great starting point for anyone who is embarking on their CROSSIP journey for the first time. The question is, which mixers should you choose and where can you find them?

Fear not! This guide has been designed to show you exactly which premium mixers combine perfectly with each CROSSIP flavour, plus where you can easily buy them!
