

TACH-IT®

Ben Clements and Sons, Inc.

is Entry Level Automation™

We Offer Solutions for Productivity.

Model # LR500: Adjustable Core Label Rewinder.

- Adjustable for various core sizes from 1" to 4".
- Used in conjunction with thermal transfer printers, can be used to roll fan-folded or computer generated labels.
- Bi-Directional can be used to rewind or unwind rolls of labels.
- Slip clutch allows for consistent winding tension without liner breakage.
- Perfect for pharmaceuticals, medical packaging, retail, manufacturing, industry, food service or anywhere a thermal transfer printer is used.
- Variable Speed motor can wind labels up to 12 inches per second.
- Designed for 24/7/365 operation.
- Quick release handles allow for quick core size changes with no tools required.
