

# TACH-IT®

Ben Clements and Sons, Inc.

is Entry Level Automation™

## We Offer Solutions for Productivity.

### Model #Mini-Con L Automated "L" Clip Label Applicator:

- Applies a label or wafer seal from the top to the front of a package offering a secure and attractive closure.
- Perfect for use in the pharmaceutical, medical, vitamin, supplement markets as well as the packaging of food and other items that need an L-Clip closure to secure the top of the box.
- Can supply a tamper evident seal to the box and uses wafer seals and security seals up to 2 inch in diameter.
- Can be used as a table top unit or can be integrated into full production lines.
- Has 2 variable speed bottom conveyors and a variable speed side belt conveyor for moving the product quickly and securely through the label application head.
- Touch Panel controls includes target counter and 5 memory presets there are also position indicators and etched rails for ease of setup.
