

Merge zones for more room to cook

The Bridge function in our induction hob lets you combine two separate cooking zones to create a single large surface. With the temperature and time settings automatically aligned, it's ideal for making the most of planchas or roasting pots.

Product Benefits & Features

Self-sizing zones for all your pots and pans

Heat is sized to the base of your pans with the Infinite® induction hob. It automatically detects the size of cookware you're using and delivers the right amount of heat to its base. So you can use a variety of different pots and pans.

- Accoustic timer signal
- Automax function
- Easy to reach front controls
- Child safety control lock
- 99 minute timer with accoustic signal
- Full induction hob
- Right front zone: No -
- Touch controls
- Control lock
- Middle rear zone: No -
- Left front zone: Induction - 2300/3200W/210mm
- Middle front zone: Induction - 1400/2500W/145mm
- Right rear zone: Induction - 2300/3600W/240mm
- Wipe clean ceramic hob surface

Let your hob take care of the hood

Hob2Hood technology means that the hob automatically controls the hood settings. As you cook, the fan adjusts according to any temperature changes you make or if you start to use more than one zone. So you can focus less on adjusting settings, and more on creating delicious.

Simply slide to adjust cooking settings

Adjust settings easily and smoothly with highly responsive sliding controls. They enable you to turn the heat up or down accurately with just a touch. Meaning your cooking receives exactly the right heat at exactly the right time.

A cool surface for quick cleaning

Keep your hob clean while you cook. The induction technology ensures the areas around your cooking zones stay cool to the touch. So even when you're cooking at high temperatures, you can remove spillages easily and safely as soon as they happen.

Intense heat, in an instant

Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water in less than 90 seconds and get pans ready for searing when you need them.

Product Specification

PNC	949 599 122
EAN number	7332543747849
Width (mm)	780
Depth (mm)	520
Voltage	220-240/400V2N
Net Weight	11.38
Colour	Black
