

**Cooking made easy with the microwave**

Whether you're cooking, defrosting or reheating, the Series 20 Microwave is the easy choice. The versatile machine is built for a massive range of different dishes, so you can always enjoy your favourites, from chilled or frozen.

Whether you're cooking, defrosting or reheating, the Series 20 Microwave is the easy choice. The versatile machine is built for a massive range of different dishes, so you can always enjoy your favourites, from chilled or frozen.

Product Benefits & Features**Simple solutions, with the microwave function**

Effortless results are made easy with our microwave. Heat up from chilled, defrost from frozen, or reheat leftovers – all at the touch of a button.

- Finger print proof stainless steel
- Microwave power: 700 Watt, 6 levels
- Audible cooking end signal
- Stainless steel interior
- Push button door opening

Easy recipes with the Auto Programme

There's no need for guesswork when it comes to cooking with the Auto Programme. All you have to do is choose one of the recipe options and the microwave will automatically set a power for you. For tasty results, without the effort.

Defrost Programme, for frozen meals

Thaw frozen food, with the Defrost Programme, quickly and easily, with the microwave's Defrost Programme. Select your food type and its weight from the menu, and the microwave will automatically work out how long it will take.

Added safety, with the child lock

The microwave can be locked at the push of a button, so it can't be tinkered with during cooking. The child lock feature is designed for peace of mind, and keeping little fingers out of harm's way.

Product Specification
