

NELO V1: THE FASTER WAKA AMA

Nelo Kayaks have won more world championship and Olympic gold medals than any other kayak brand.

The new Nelo V1 Waka Ama combines contemporary Tahitian V1 design with Nelo's K1 performance kayak expertise.

"I trust Nelo to be relevant and using the latest technology, and I need to keep up with this. The best test is racing."

Lisa Carrington, April 2015

Exclusive NZ Agent for Nelo Kayaks.

HIGH TECH MATERIALS

Developed by a Naval Engineer, the 'F Type' is a Kevlar and carbon construction with a PVC core, plus the **one piece construction eliminates hull and deck joins.**

QUICK TO ADAPT

Fully adjustable footplate AND platform seat which is quick and easy to move. **Ideal for clubs or families with paddlers of many sizes.**

PROVEN NELO QUALITY

Made in Portugal by the world's largest kayak manufacturer. **Designed for maximum performance, stability and comfort,** by artisans who race kayaks too.

The logo for ipaddle.co.nz features a stylized blue and orange wave above the text 'ipaddle.co.nz' in a bold, lowercase font. Below this, the tagline 'PREMIUM GEAR FOR SERIOUS PADDLERS' is written in a smaller, all-caps font.
