## Printing instructions:

For best ring-sizing results, please make sure that you do **not** have the "Fit to page" or other page sizing options selected on the print dialogue. See bottom of page for scale to ensure this article printed properly.

### Method A

Take a ring that fits and place it over the circle so that the circle is perfectly on the inside of the ring

### Method B

Either, cut along the dotted lines and gently wrap each strip of paper around the desired finger until the 2 ends touch OR take a small piece of string and mark the point where the ends touch and compare to each strip to find ring size.

\*IS YOUR FINGER/RING IN BETWEEN THE SIZES SHOWN HERE?  
YOU MIGHT HAVE A HALF OR QUARTER SIZED FINGER THEN!  
WE'VE ONLY PROVIDED SIZING INFORMATION FOR WHOLE SIZES.  
IF YOU THINK THAT YOU ARE IN BETWEEN WE OFFER  
A PHYSICAL RING SIZER FOR \$3 ON OUR SITE:

6 INCHES

\*\*test that you are printing at actual size by measuring this line with a ruler after the sheet has printed. If it measures 6 inches this sheet was printed with the correct settings.
